

WHITEPAPER

Boyita (\$BOYITA) — The Superhero of Memecoins on BNB Chain

2026 · boyita.io

Welcome to Boyita

A crypto project born from the need to build a solid team and effective marketing for stable growth. Boyita is the superhero who comes to rescue crypto investors. Tired of scams? So are we!

What is Boyita?

Buy \$BOYITA on PancakeSwap — a community memecoin on BNB Smart Chain. Audited by BlockSAFU, KYC verified, contract renounced and deflationary by design.

Boyinomics

Total Supply **400,000,000,000**

Decimals **9**

Network **BNB Smart Chain (BEP-20)**

Contract **0x856e949D7702c0E553B578E6955205bE29828581**

Initial Distribution

- **60.63%** — Presale
- **29.37%** — Liquidity (LP)
- **10%** — Ecosystem

The 10% ecosystem allocation was fully burned. There are no team tokens.

Burn History

Burning strategy

We periodically burn tokens to reduce total supply and reward the community.

Burns recorded on-chain **14**

Burned **62,550,019,419 BOYITA**

Share of supply **≈ 15.64%**

boyita.io · Whitepaper

The first burn took place on 01 October 2024. The full history —with date, amount and transaction— is available in the Burn History section of the site.

Roadmap

Our roadmap is dynamic and depends on the entire Boyita community.

Q3 2024

Launch

Pre-sale on PinkSale, deployed on BNB Chain and listed on PancakeSwap.

Q4 2024

Trust & Security

Contract audited by BlockSAFU and contract renounced.

Q4 2024

Burns & Buybacks

7 burns and 2 buybacks, including our first buyback.

2025

80 Holders

We reached our first 80 holders.

2025

Ecosystem Burn

10% of the supply burned in quarterly events.

2026

New Era

New burns, marketing and a refreshed website & brand.

FUTURE

Expansion

NFTs, games, CEX listings and new utilities.

Audit

Audited by one of the most recognized companies in the industry (BlockSAFU).

[View Full Audit →](#)

KYC Verified

Our team verified its identity with specialized companies to prove real security.

[Validate KYC →](#)

Buy / Sell Tax

Running a meme cryptocurrency has many expenses: domain, hosting, designers, community manager, developers and constant marketing. This commission keeps the project solid over time and is distributed fairly so everyone wins. In the future we will remove it.

Staking

Staking will be introduced in the future. We will share more information when the time comes.

Community

Be part of the superhero movement — chats, memes and news.
